Mrs. Dr. Sangeeta Singh
Chairperson

FROM THE CHAIRPERSON'S DESK

It gives me immense pleasure to welcome you all to the **U S Oxford Academy**. This Academy has institutionalized 'Seek, Share and Serve', as its motto for a continuous search for knowledge and information, and share the received wisdom with the community to serve mankind selflessly. Every marble piece has within, certain unwanted parts, needed to be chiseled out by its maker, before being sculpted into a beautiful statue. We have diligently developed our academic philosophy by laying great emphasis on the pursuit of knowledge, its application and skills to help in its dissemination. Our ideology is to create new benchmarks by incorporating new initiatives in the field of education through modern and innovative teaching and learning methodologies. **U S Oxford** knows no bounds in knowledge and realizes that the margin fades forever and ever as it moves. But within its boundaries, the disseminated knowledge embodies the spirit of enquiry, research and quality.

Today we stand on the threshold of a new era-an era empowered by 'knowledge economy'. Even as we prepare to ride the waves of change, our foundations are built on solid rock, firmly anchored on strong life principles. **U S Oxford** prides itself in not only being an institution imparting life's latest know - how but also instilling human core values. May God bless you. May His mighty hand guide you in all your endeavors.

Mrs. Pratibha Singh
Manager

FROM THE MANAGER'S DESK

"Education is not preparation for life; education is life itself" stated by John Dewey. **U S Oxford** concurs on the magnitude of this statement and strives to impact the lives of the students under its fold with positive and transforming learning experiences. The holistic intervention in education is imperative at every growing phase of the student. We are thus constantly striving to provide a conducive environment to create a balance in the academic, emotional, spiritual, creative and physical development of students.

We believe that in today's world where change is constant and fast paced, we need as educators, to adapt to the continuous innovative and improvised models and trends in education researches. This helps us to deliver quality of the highest standards and provide a firm foundation for

the holistic development of our students. The learning environment in the classroom is also aimed at teachers being sensitive to the various needs of the different type learners, in particular to the students with learning challenges and slow learners. This provides an atmosphere where the learning interaction inside & outside the classroom is done with a lot of understanding and sensitivity.

U S Oxford continuously strives for excellence in the field of education by adopting the best practices from around the globe and implementing innovation in our instructional practice to provide an impetus and develop students to be worthy leaders and citizens of our nation.

FROM FOUNDER PRINCIPAL'S DESK

I have great joy in welcoming you to this esteemed institution. Diversity implies growth; diversity has always been an inherent feature of our Academy. **U S Oxford Academy** is a new venture undertaken by the **U S Oxford Society** at the most appropriate time.

There is a spark in every child's mind. The **U S Oxford Academy** believes that this spark has to be transformed into a brilliance that benefits not just the child but society as well. Hence, we provide an education that would develop all aspects of each student which is relevant to his/her needs and which will prepare him/her for life and face the challenges of the competitive world.

Our students are encouraged to participate to the fullest possible extent in the social, physical and cultural activities of the school so that they may emerge as self-disciplined, responsible and well adjusted citizens, capable of playing an active and positive role in modern society.

Our school is strengthened by very supportive parents who are actively involved in all aspects of their children's education.

Wishing you all good luck,
Regards.

Mrs. Namrata Tripathi

Founder Principal

Education is the sunlight that
help children to blossom."

U S OXFORD ACADEMY

PLAY SCHOOL

A home away from home with a hygienic environment for the young ones, **U S Oxford Play School** is a wonderful world of fun and learning. We plan and create activities that help growing children in developing learning abilities. At **U S Oxford Play School** we provide an enlightening and safe environment where children enjoy playing and learning.

We give children a new stimulating experience through good storybooks, ample play materials, music, puppetry, outings and a host of events conducted throughout the year. We motivate the children to learn with joy and to become confident, independent, amiable and well mannered.

KINDERGARTEN

The most important period of life is from birth to the age of six where most of the learning happens. **U S Oxford** initial tests his holistic journey which strives to have a profound effect on the child's future by providing the right context of learning by doing in the new curriculum of N.E.P [National Education Policy 2020].

Our kindergarten Scholars explore different streams by applying the N.E.P in their day to day learning which perfectly balances child initiated and teacher's scaffolded activities.

PRIMARY SCHOOL

The contours of knowledge know no frontiers. **U S Oxford** recognizes this feature and extends each student rigorous exposure to group activities, visual learning and project works. The teaching process at **U S Oxford** helps to garner and harness the varying potential within each student. The aim is to promote and intensify performance and encourage students to be fore-runners in all fields.

INFRASTRUCTURE & AMENITIES

LIBRARY

The School library is the hub of intellectual activities and is rich in reading material and reference resources, which provides information and ideas that are fundamental to functioning successfully in today's information and knowledge-based society.

COMPUTER LAB

Computer classes in schools are important for well-rounded education. Students at U S Oxford are instructed on the basics of computer use as early as Class I. Educational software is presented in a game-like format to entertain the younger students while they learn key concepts.

SCIENCE LAB

U S Oxford has an extensive science lab which provides an experimental foundation for the concepts introduced. Students enhance their learning by doing varied experiments which kindles their interest visually and kinesthetically. It also deviates them from rote learning and enriches their thinking ability and drawing skills. It enables the learners to familiarize themselves with experimental apparatus, scientific methods applied, and to make careful observations and draw conclusions in relation to the experiment.

YOGA & PHYSICAL HEALTH DEPARTMENT

We would offer a complete sport and fitness programme for our children from early childhood (Playgroup) to Class V.

The curriculum offers students opportunities to learn practice and master a wide range of diverse skills and activities appropriate for children in the school environment.

BLP BOOK LOVERS' PROGRAMME

We have incorporated an interesting Reading Programme into our Curriculum. The book lovers programme is an interesting session which allows children to explore different genres using different reading strategies and story telling techniques. We have the rich collection of different stories in our library.

DIGITAL BOARDS

In today's competitive world, children need the skill sets, which are beyond subject knowledge and require concentration assimilation and retention. In this regard the role of smart classes is quite important. At U S Oxford its importance is manifested with the installation of the Tata Class Edge Boards in every classroom.

Our Smart classes comprise the use of all interactive modules like videos and presentations which are appealing to students.

In fact our smart classes are almost like watching movies and sometimes, animated visuals are used to clear a concept. This kind of visual is eye-catching and our young students easily relate with them.

Watching highly engaging visuals and animations makes learning enjoyable for students while improving their overall academic performance in school.

COMPETITIVE EXAMS

With the aim of promoting English, Science, Mathematics & Computer Education, U S Oxford has been encouraging children to take up the

- Eco Club Camp.
- Olympiad
- Essay Competition
- Quiz Competition
 - As - Science
 - S.S.T
 - Maths
 - English
- Handwriting Competition
- Art/ Craft competition

CO-CURRICULAR ACTIVITIES

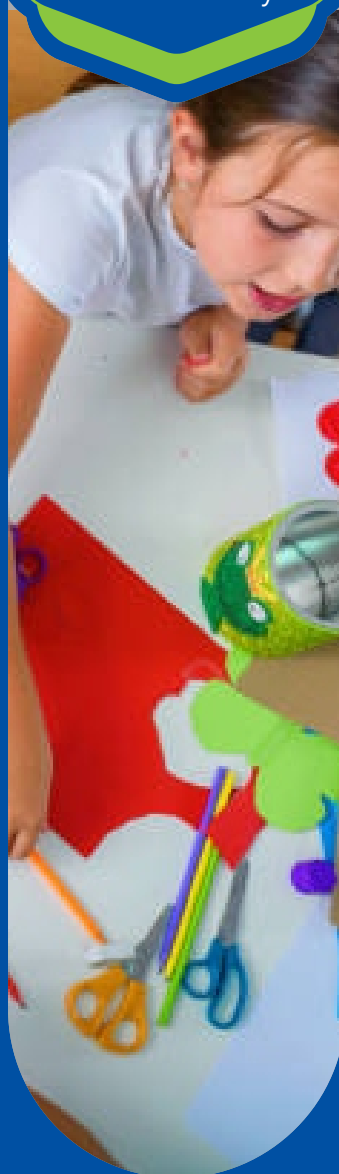

FIELD TRIPS

It allows students to have a real world experience, which clearly illustrates and enhances the information taught in the curriculum. Field trips give a chance to experience hands on learning while being introduced to new environments.

ART & CRAFT

In our Art & Craft classes our students are taught a variety of skills like- creativity, confidence, casual learning, decision making, perseverance, collaboration and accountability.

SPORTS

Inclusion of games in our curriculum of studies is, very important for the physical & mental well being of our students.

MUSIC

The music classes in our school serves as a platform for creating tiny musician so fall genres and skill levels. It enables them to learn vocals, rhythm and pitch in singing and to use instruments like keyboard, drums and guitar. It also helps to showcase their talent at various events in inter school and intra school competitions

FACULTY

We have Azamgarh's best Teaching and non teaching faculty. All teachers are well qualified and trained. We always follows CBSE Curriculum. All teachers at the U S Oxford Academy are core professional and children friendly. We believe that every child is extremely special.
